

Testimony from a happy guest:

"I got married at the Tekarra Lodge on June 13 of 2009, and I would do it all over again! From the beginning to the end, the staff was wonderful and more than friendly and accommodating. The cabins have a very comfortable feel, and our group was placed in proximity of each other. We were married in a beautiful spot overlooking two rivers and I couldn't have asked for a more beautiful setting. We had our wedding dinner in the Tekarra Restaurant - it was better than I could have ever expected, and I could write an entire paragraph on the restaurant alone! Later on in the evening we celebrated outside at our picnic tables. Many of our guests expressed that they had never been to such a fun wedding and they felt relaxed all the time. I have been to other "cabin" resorts, but the Tekarra Lodge takes the cake for that rustic outdoor nature feel. As a whole, the Tekarra Lodge far surpassed my expectations; the pictures do not do it justice. Thank you for making my wedding such a great experience!"
