October 6, 2010

Hi Brad and Alex,

I am excited to let you know that we were working with you on October 02, 2010 to create a fun Wedding Reception for our clients. My DJ Entertainer, Russ, was totally blown away with the service he saw, and received, from your staff that night. Your staff offered to help him move his equipment in and out of your venue... This was unexpected and was a real pleasure.

We have been working with all of the hotels and wedding venues in the Lower Mainland for over 34 years, and it still impresses me and my staff to receive first class service and treatment! You and your staff should be commended for providing such a great experience. THANK YOU!

I have the opportunity to recommended venues to many of the over 250 brides that we work with each year, and over 1000 brides that we meet at the upcoming Wedding Fair. I will HIGHLY recommend that they contact you for their upcoming wedding.

I'm looking forward to working with you once again in the near future. Please extend my words to your staff... **Great Job!**

Have a great day,

Scott Christie
