Dear Rose,

I just wanted to send a note and say thank-you again to you and all the staff for your help on Saturday night. Everyone at the hotel went above & beyond to make sure that everything was just perfect. It is such a pleasure working with people who understand “customer service” and it certainly made my job a lot easier!

I wanted to especially thank Brad, Fred, Herbert & the gentleman who set up the AV equipment – they went out of their way to see what I needed and made it happen! I look forward to seeing you all again soon.

Sincerely,

Lisa Cable
